Spanish Train Technical requirements,

Lighting
We require a basic cover open white 3 banks of open white 1K Fresnels barn doors square probably 3 banks all front lit. Should be no more than 12 lamps. No colour unless the lamps are a little warm, then perhaps a little blue may be required.
We need to be able to operate this basic lighting on stage

Sound
There is no sound used.

Video
One of the company will video the performance, this is part of the performance.

Props
We will require in advance 10lb of large tomatoes that will be ripe for the performance.

Cleaning rehearsals
The performance uses feathers, after each rehearsal day these will be required to be cleaned up, we will also be using tomatoes these will also be required to be cleared from the space, so that a clear rehearsal space is available for the company the following day.

Cleaning performance
The space needs to be clear of all feathers before each performance, after each performance the performance space will be filled with feathers, we ask that these feathers and the feathers are cleared up.
A basic vacuum cleaning of the costumes will also be required.

Monitor
We require a monitor and a DVD player to play a small film which is to be played as the audience leave the theatre. This can be on a stand.

Costumes
Both costumes will need to be taken to a one hour dry cleaning service, this needs to happen as soon as possible after the performance and left in the dressing room for the company to pick up/use the following day.

Arrival
The company will more than likely be arriving from Belgium, and would therefore be arriving at Bristol Airport, it would be helpful if they can be picked up or suitable transport arranged.

Accomodation
This will be arranged by the Company

Per Diems
Per diem expenses at £25 per person per day should be made available on the day of arrival.

Dressing Rooms
Tea and coffee making facilities, A Kettle, Cafetiere, Bottled water, orange juice and a selection of fresh fruit is required.

Office requirements
We would require the use of wireless internet connection.
